[Verse 1]

Little old lady on her floating sphere
Move it grandma, that's the last thing you should've said here
Five hundred years of magic and you wanna talk slick?
One spell later, hit them with the magic trick
Bulma got the money, Chi-Chi got the mouth
Eighteen think she's icy, about to melt her down south
Transformation complete, watch me flip the script
Fortune told the future, all your husbands gonna switch

Slept on the witch, now you wide awake
Crystal ball called it, your man's mine to take

[Chorus]

Baba is the baddest
Baddest
Took your man, he's a fan, that's just practice
Baba is the baddest
Baddest
Fortune never miss, yeah I'm that savage

[Verse 2]

Prince of Saiyans dropped his pride at the door
Bulma screaming from Capsule Corp, he don't hear her no more
Final Flash?

Blue hair billionaire left on read
The prince chose the witch instead

[Chorus]

Baba is the baddest
Baddest
Took your man, he's a fan, that's just practice

Baba is the Baddest (cont.)

Android malfunction, Eighteen left behind
Strongest human?
Couldn't even fight it
Saw the future coming and he just invited
Goku last, Earth's hero couldn't resist
Two fingers to the forehead?
Nah, two lips on my lips
Chi-Chi in the kitchen thinking he's coming home
Sorry baby girl, Kakarot's in my zone

[Bridge]

See the future clearer than you ever could
Stole them all and honestly?
It felt good
Magic fades but memories stay
Wait, what the
