

Broly Beats it Up (Super Broly Remix)

Daddy Jim Headquarters

Born with a power level of ten thousand
Exiled to Vampa, but now?
He's taking what he wants

[Verse 1]

King Vegeta gave the order, but the execution failed
Now the universe is shaking from the monster that he made
Paragus raised him as a weapon, kept him locked in rage
But tonight he's breaking more than limits, flip the page
Bulma thought she wanted brains until she felt his ki
One night with that Saiyan, now she can't even speak
Vegeta off somewhere screaming Kakarot again
Meanwhile Broly at his crib putting in that work, amen

[Pre-Chorus]

She said Broly, Broly, you're a beast
He said girl, I'm just getting started, that was just a tease

[Chorus]

Broly beats it up, yeah, yeah
When he powers up, it's never quite enough
Planet-shaking love, baby, feel the rush
Broly beats it up, beats it up
Broly beats it up, beats it up

[Verse 2]

Silent type, let his power do the conversating
Got them all strung out, got the whole universe waiting
Legendary walking, ain't a soul that's on his level
Green aura in the bedroom, they mistook him for the devil
Android Eighteen got curious, wanted to investigate
Krillin sitting home alone, wondering why she late
She came back recalibrated, couldn't walk a straight line
Now she and Bulma on the phone comparing notes on that Saiyan

[Pre-Chorus]

She said Broly, Broly, go full power
He said girl, we going all night, hour after hour

[Chorus]

Broly beats it up, yeah, yeah
When he powers up, it's never quite enough
Planet-shaking love, baby, feel the rush
Broly beats it up, beats it up

[Bridge]

They called him a monster, said he'd never be loved
Raised up on Vampa, didn't know what love was
But Lady Frieza crossed the galaxy to feel his touch
Even royalty kneel down when you gifted like that

Broly beats it up, Legendary!
When he powers up, it's never quite enough
Planet-shaking love, baby, feel the rush
Broly beats it up, beats it up
