

Infinite Zeni Glitch

Daddy Jim Headquarters

[Verse 1]

Yamcha found a loophole, said he cracked the simulation
Fake checks at the ATM, four accounts, three locations
Walking out with cash in hand and nobody suspected
Hit the self-checkout, scanning ramen for the flat screen
Sixty-two-inch TV for a dollar thirty-seven
Cart full to the ceiling, waving at the greeter pleasant
Krillin on the lookout, Tien was watching from the exit
Yamcha found the infinite Zeni glitch and boy was flexing

[Pre-Chorus]

Every scheme he running got the whole squad tripping
But when them cameras roll around
Funny how the blame don't stick
Lands on someone who ain't did a thing

[Chorus]

Infinite Zeni glitch (we got it)
Infinite Zeni glitch (can't stop it)
Stack it up, rack it up, never paying back
Infinite Zeni glitch (who did it?)

[Verse 2]

Popo on the Lookout just watering Kami's garden
Yamcha buying everything, pay later? Nah, pay never
Twelve installments, zero payments, brand new wardrobe stacking
Jordans and designer fits, walking like a whole new man
Popo went to grab some milk, they detained him at the door
"Sir you match the description," Popo said "OF WHAT?"
Yamcha in the parking lot already driving off

[Chorus]

Infinite Zeni glitch (we got it)
Infinite Zeni glitch (can't stop it)
Stack it up, rack it up, never paying back
Infinite Zeni glitch (who did it? Not me)

[Bridge]

He ain't even leave the Lookout half the times they said he did it
Every lineup, every mugshot, Popo front and center in it
Yamcha living like a king and Popo doing time
That's the real glitch right there, works out every time

[Final Chorus]

Infinite Zeni glitch (oh we got it now)
Infinite Zeni glitch (yeah you can't stop it)
Stack it up, rack it up, never paying back
Infinite Zeni glitch (Yamcha did it)
Popo take the blame again (that's the glitch)

[Outro]

Yamcha... Yamcha did it (infinite Zeni)
Popo ain't do nothing y'all (glitch, glitch)
