

Krillin's on the Tinder

Daddy Jim Headquarters

[Verse 1]

Peeked over Eighteen's shoulder, seen her phone
Nine thousand in her inbox, damn I'm on my own
Over nine thousand, nah that can't be right
Made my own account that very same night
Profile pic flexing, Destructo Disc pose
Listed five foot even and my inbox froze

[Pre-Chorus]

They don't care about power, only care about height
Five foot ain't enough, guess I'll swipe all night

[Chorus]

Krillin's on the Tinder
Swipe left
Short king getting filtered
They ain't with it
Warrior heart, five foot soul
Krillin's on the Tinder
Why does it feel so cold

[Verse 2]

Girl dressed like Chi-Chi sliding in my phone
Wig a little crooked, mustache fully grown
Swiped right anyway, what I got to lose?
Then Baba hit my DMs, had me so confused
Pics looking fine as hell, I said oh bet
Pulled up to the spot, grandma on the set
Floating on that crystal ball, I need a Senzu

[Chorus]

Krillin's on the Tinder
Swipe left
Short king getting filtered
They ain't with it
Warrior heart, five foot soul
Krillin's on the Tinder
Why does it feel so cold

[Bridge]

Then I seen Kale swipe right, Universe Six
Six-two, all muscle, she on some different tip
Said she like them short, I ain't got to lie

Krillin's on the Tinder (cont.)

[Bridge] (cont.)

Sometimes the biggest love come from the little guy

[Chorus]

Krillin's on the Tinder

Swipe right!

Short king finally winning

Yeah, we got one!

Warrior heart, five foot soul

Krillin found his match

Kale, let's go!

[Outro]

Short kings up

Short kings!

We made it

We made it!

Krillin's on the Tinder

And he ain't getting filtered no more
