

Pecking Order (Took Your Girl Part 2)

Daddy Jim Headquarters

[Verse 1]

Told y'all once, now he back again
Same story, different men
Bulma up where the clouds don't end
Eighteen smilin' with the wind
Videl won't take Gohan's call
Mai left Trunks alone at the mall
Launch just sneezed and drifted away
Pecking order had its say

[Pre-Chorus]

She gone, she gone (up top)
She gone, she gone (can't stop)
Kami can't reverse it now
Power level don't matter how

[Chorus]

That's the pecking order (pecking order)
Popo at the top (the pecking order)
Livin' in a different world (she gone, she gone)
Know the pecking order (pecking order)

[Verse 2]

Chi-Chi left another note
Goku found it on the stove
Said she needed peace again
Different year, same old bend
Krillin prayin' on the roof
Eighteen left without the proof
Pecking order told the truth

[Chorus]

That's the pecking order (pecking order, yeah)
Popo at the top (the pecking order)
Livin' in a different world (she gone, she gone)
That's the pecking order (pecking, pecking order)

[Bridge]

Dragon Balls don't reach that high
Shenron shrug and wave goodbye
Kami ain't even seen his wife
Popo runnin' all the afterlife

[Final Chorus]

That's the pecking order (pecking order)
Popo at the top (the pecking order)
Livin' in a different world (she gone, she gone)
Top of the tower, baby (pecking order)
Clouds don't end up there (she gone, she gone)
Know the pecking order (the pecking order)
That's the pecking order (pecking, pecking, pecking)
