See they said the folks on Namek don't get down like that  
No women on the planet, that's a scientific fact  
But Piccolo different, he don't play by the rules  
Green skin glistening, got these ladies acting fools  
Took the weighted clothes off, now the ladies losing it  
Antenna looking right, yeah they loving every bit  
Fused up with Nail so you know I got the rizz  
These Namek hoes asking "whose man is this?"

## [Pre-Chorus]

The only one pulling on Namek believe me (believe me)

On Planet Namek I'm the motherfucking king
