

Super Saiyan Pubes

Daddy Jim Headquarters

[Verse 1]

Nappa caught it in the mirror first
Bald up top, but down below, even worse
Felt it building right below the waist
Golden glow in quite the awkward place
Eyebrows? Same, he felt a mustache glitch
Looks like something in his pants gonna make the switch
Hit the scouter, "Raditz, get in here"
Raditz showed up, he was glowing hip to rear

[Pre-Chorus]

Tail didn't change, hair stayed black
Drapes don't match when you power like that
Nobody trained for what comes next
When the glow hits south of the chest...

[Chorus]

Super Saiyan Pewbs (they glowin')
Can't contain it (can't explain it)
Power hit the wrong location
Super Saiyan Pewbs (they glowin')

[Verse 2]

Raditz caught it worst, hair was everywhere already
Pewbs tangled with his mane, shit got heavy
Goku powered up at dinner, didn't blink
Chi-Chi saw the glow and lost it at the sink
She said "Goku what the hell is happening down there?"
He just laughed and said "I think my ki forgot where to put the hair"
Vegeta won't discuss it, prince don't speak on this
Arms crossed, gold peeking out, pretend it don't exist
Bulma caught him in the hallway, couldn't help but stare
He walked faster, cape pulled tight, royal pride laid bare

[Chorus]

Super Saiyan Pewbs (they glowin')
Can't contain it (can't explain it)
Power hit the wrong location (every time)
Super Saiyan Pewbs (they glowin')

[Bridge]

Jee-nay on Planet Vegeta, dinner's made
Bardock came home, saw the glow, face drained and grey
Gold pouring through her armor at the waist
She shrugged, "baby, yours been golden for eight days"

[Final Chorus]

Super Saiyan Pewbs (they glowin'!)
Can't contain it (can't explain it!)
Power hit the wrong location (every damn time!)
Can't power down, ain't no way to stop it
Super Saiyan Pewbs, they never stoppin'

Super Saiyan Pubes (cont.)

[Outro]

Every Saiyan in the universe looking down right now
Nappa still bald up top though...
Some things just ain't fair
