

What's Chi-Chi Gonna Do About It? (Goku's the Alpha)

Daddy Jim Headquarters

[Intro]

(Yeah...)
(You know the king is back in town...)
(But he ain't touching down at home...)
(Check it...)

[Verse 1]

She's scanning on the Radar, trying to find a trace
He's half a galaxy away, lying to her face
He claims he's training with Whis, unlocking new potential
But keeping secrets from his wife is becoming essential
She cooked a four-course meal, simmering on the heat
While he's out in the cosmos, running the street
He teleports away before the argument begins
Leaving her alone to pay for all of his sins

[Chorus]

So tell me, what's she gonna do about it? (Not a thing)
Yeah, what's she really gonna do about it? (Kiss the ring)
He controls the gravity, he rewrites the laws
She can't fight a savage who fights with tiger claws
He's got the Ultra Instinct, he moves out of view
There ain't a single thing that Chichi can do (He's the Alpha, baby)

[Verse 2]

Two fingers to the forehead, vanished in the air
Leaving her with the laundry and the burden to bear
He's got a lover on Namek keeping it on the low
When she asks where he's been, he says she don't need to know
He buried Lord Frieza deep beneath the stones
So he ain't scared of a woman sitting on his throne
He saved the universe, he paid the heavy cost
She tries to win the battle, but the war is already lost

[Bridge]

(High Vocal Run)
He uses instant transmission to escape the blame
To him, this marriage is just another tournament game
He's a Super Saiyan God, he does what he please
He's got the whole entire world down on its knees (And she stays right there...)

[Final Chorus]

So tell me, what's she gonna do about it? (Not a thing)
Yeah, what's she really gonna do about it? (Kiss the ring)
He controls the gravity, he rewrites the laws
She can't fight a savage who fights with tiger claws
He's got the Ultra Instinct, he moves out of view
There ain't a single thing that Chichi can do

[Outro]

(Yeah, wash the Gi...)
(Make the rice...)
(You know the deal...)
(He's gone...)
