

Would You Do Naruko?

Daddy Jim Headquarters

[Verse 1]

Stepped into the ramen shop and froze
Sexy, Jutsu, Hokage knows
Pigtails swinging past the Hokage wall
Whisker marks on cheeks and I'm about to fall
Clouds of smoke still fading from the jutsu sign
Every ninja in the Leaf is standing in a line
She winked at me, I lost my cool
Shadow clone of beauty, breaking every rule

[Pre-Chorus]

But hold up, wait a minute
Something 'bout this jutsu got me in it
Sexy Jutsu hit and now I'm caught
Falling for a transformation I know I ought not

[Chorus]

Would you do Naruko?
(Tell me, would you do Naruko?)
Got me acting like a fool, oh
(She bad but it's Naruto though)
Would you do Naruko?
(Pigtails got me losing focus)
Said she'd show me what that smoke do
(Sexy Jutsu, baby, you should know this)

[Verse 2]

Kakashi dropped his book and said, "Oh my"
Pervy Sage already writing chapter nine
The whole village simping, can't deny
That jutsu hit the transformation right
Then she multiplied, a hundred deep
Shadow clones of Naruko wall to wall
Every single one of 'em bad as hell
Pick a clone, baby, I want 'em all

[Pre-Chorus]

Yeah I know it's just a jutsu
But the way she move, what am I supposed to do?
My homies saying, "Bro you know that's him"
I said, "Don't kill my vibe, let me live in sin"

[Chorus]

Would you do Naruko?
(Tell me, would you do Naruko?)
Got me acting like a fool, oh
(She bad but it's Naruto though)
Would you do Naruko?
(Pigtails got me losing focus)
Said she'd show me what that smoke do
(Sexy Jutsu, baby, you should know this)

[Outro]

Don't judge me, I ain't the only one
Jiraiya wrote a whole book before I was done
Is it gay? I don't know, maybe
But that jutsu fine enough to drive a man crazy
